Education

Durham University Graduating July 2027

BSc Computer Science — Current Average: 67% (2:1)

- **Relevant Modules:** Algorithms, Data Structures, Networks, Databases, Distributed Systems, Artificial Intelligence

Technical Skills

Languages: Python, TypeScript/JavaScript, SQL, Bash
Cloud: AWS ECS, Fargate, ECR, EC2, Lambda, IoT core for LoRaWAN, Elastic Beanstalk, IAM, S3, CloudWatch
DevOps: Terraform, Docker, Git, Github Actions
Backend + Databases: FastAPI, Express, PostgreSQL, REST APIs
Certifications: AWS Certified Cloud Practitioner, AWS Certified AI Practitioner, JLPT N3

Projects

CLOUD & IoT ENGINEERING DISSERTATION — DURHAM UNIVERSITY

- Designed and deployed an AWS-hosted LoRaWAN environmental monitoring platform for Durham University Museum & Collections, using AWS IoT Core, Lambda, Docker and ThingsBoard to support the phased replacement of 200+ legacy Hanwell sensors across six sites.
- Automated infrastructure provisioning and deployment using Terraform and GitHub Actions CI/CD, implementing monitoring and reliability testing.
- Experimentally evaluated managed AWS IoT Core versus self-hosted ChirpStack, comparing cost, scalability, reliability and maintainability alongside sensor accuracy and network performance.

UK ENERGY DATA INGESTION PIPELINE — PERSONAL PROJECT

- Built a working UK electricity-data ingestion pipeline with automated validation, persistence and REST endpoints.
- Provisioned container infrastructure on AWS ECS Fargate using Terraform, including ECR, IAM and CloudWatch.
- Automated testing, image builds and AWS deployments via multi-environment CI/CD (Staging, Dev, Prod).

AI POWERED READING APPLICATION — IBM UK

- Full Stack Developer on a 6 person University Scrum Team, empowering reading in young children.
- Flask microservice that integrates IBM Granite AI via Ollama to enable AI story generation and text rewriting.
- Designed PostgreSQL schema via Prisma ORM with Docker containers
- Built an accessible Next.js UI with dyslexia-friendly fonts, adjustable reading settings, text-to-speech, dictionary lookup, and UK Book Band reading-level classification

Experience

Football Referee Sep 2022 – Current

Bedfordshire FA *Bedfordshire, UK*

- Officiated over 50 competitive matches.
- Enhanced decision making and communication in tense environments with multiple stakeholders.

Web Systems Summer Intern July 2025

TLV International Steam Engineering *Kakogawa, Japan*

- Content management and UI updates using Drupal CMS.
- Analysed automated marketing workflows using Salesforce CRM.
- Supported digital corporate communication in an international environment.
